This document is an example of a one-page abstract for the book of abstracts of the Conference on Geometry: Theory and Applications (CGTA 2025). If accepted, the abstract will be included in a small book of abstracts and will be published online on the conference webpage and made available to all participants.

In order to make your abstract more appealing, you may wish to include figures, such as Fig. 1, and a few references, such as [1] or [2].

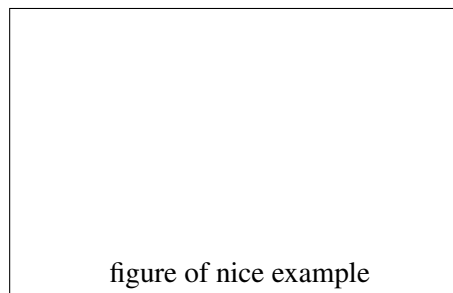

Figure 1: Sample figure

The abstract (including figures and references) must not exceed one page. Do not modify the specifications of the page layout as provided in this template.
